SHIP HOUSEKEEPING

PROFESSIONALISM AND PROPER DECORUM

All crewmembers

As the ship both serves as workplace and dwelling place for crewmembers, everyone is expected to contribute in keeping its cleanliness and orderliness.

- All crewmembers are responsible in maintaining the cleanliness and tidiness of cabins assigned to them.
- Everyone on board is expected to clean up after themselves and keep their things in order.
- Failure to adhere to this may result to disciplinary action.

As Odfjell employees, crewmembers are to represent Odfjell and thus professionalism and proper decorum in all aspects are expected from the seafarers.

- Professional and presentable appearance and grooming is a requirement at all times for all Odfjell seafarers.
- For safety reasons, having well-trimmed hair is a best practice when working on board ships. As such, having long hair and wearing dangling accessories that may get entangled on machineries is prohibited.
