Crewing Bulletin

May 2019

WORKING EMAIL ADDRESS

All Crewmembers

Crewmembers are expected to have a working email address that they check regularly.

This is to ensure that every Odfjell seafarer has access to important company updates, including the Maritime Personnel Section newsletter, Bow News.

Those who do not receive Bow News may contact the office to have their email address verified, or email bow.news@odfjell.com to ensure that the correct email address is reflected on the database.

ALLOTMENT ACCOUNT DEPOSIT SLIP

Filipino Crew

When submitting the Allotment Information Sheet, crewmembers are expected to enclose a copy of bank-validated deposit slip for each listed allottee.

- The deposit slip must have been validated by the bank within the past six months.
- The validated deposit slip serves as proof that the account is active, and that the account details are correct.
- Submitting a validated deposit slip helps ensure that unnecessary issues are prevented, and delays with the release of allotment are avoided.
