November 2019

POLIO VACCINATION

Filipino Crew

Polio vaccination is now a mandatory requirement among Odfjell seafarers prior joining a vessel.

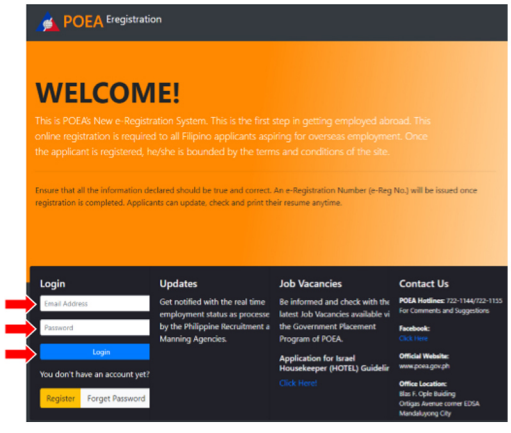

Reminders

- The vaccine may be taken at any Bureau of Quarantine office, Mondays through Fridays, from 8 AM to 3 PM.
- The vaccine costs PhP 300 and may be reimbursed provided necessary documents are submitted.
- Doctor referral and prior appointment are not required.
- Bring two (2) valid government IDs.

POEA E-REGISTRATION VERSION 2

Filipino Crew

With the update on the POEA's (Philippine Overseas Employment Agency) e-registration system, all Filipino seafarers are required to migrate their accounts to POEA e-Registration Version 2.

Reminders:

- Updating of e-registration accounts must be completed as soon as possible.
- Delays in updating of e-registration accounts will result to delays in processing of POEA contracts, and subsequently, vessel assignments.
- Use the same email address you used in the e-Registration version 1 when migrating your account to version 2. Using a different email address will result to multiple accounts, which can cause disqualification from using this service.
- When updating registration, ensure that all information are entered correctly. All information entered into the system will no longer be editable once submitted and will already be considered official. Incorrect information may cause issues with contract and even disqualification from using the e-Registration platform.
- For the step-by-step procedure on migrating your account, visit: http://onlineservices.poea.gov.ph/onlineServices/myuploads/mypdf/advisory/v2manual.pdf.
