### Domicile and legal form

At the Annual General Meeting in May 2007 the shareholders decided to transform Odfjell ASA from a Norwegian publicly limited liability company (ASA) to a European publicly limited liability company (Societas Europea, hereafter called “SE company”). One of the main characterizations of a SE company is that it can easily move its headquarters to another state within the EEA. The rational for transforming Odfjell into a SE company was the future flexibility regarding localization of the holding company in light of the company's international business. The SE corporate form is based on the SE Act implementing the EEA/EU regulation (Nw: Rådsforordning) No. 2157/2001 (“SE-forordningen”) into Norwegian law. Pursuant to the SE Act Article 2 a SE company shall be regarded as a publicly limited liability company governed by the relevant legislation of the Member State [EEA State] in which it has its headquarters. As Odfjell SE is headquartered in Norway, the Norwegian Public Limited Companies Act applies (“Allmennaksjeselven”). Any additional or conflicting regulations set out in the SE Act will prevail. Pursuant to the listing agreement between the Oslo Stock Exchange and the Company, in particular, the Norwegian Securities Trading Act and the Norwegian Stock Exchange Regulations will apply. LEI-code (legal entity identifier): 529900J8VSH14TP5VD23.

The Issuer shall give written notice of such redemption to the Bond Trustee and the Bondholders at least 20 Business Days prior to the Tax Event Repayment Date, provided that no such notice shall be given earlier than 60 Business Days prior to the earliest date on which the Issuer would be obliged to withhold such tax were a payment in respect of the Bonds then due.

Each Bondholder (or person acting for a Bondholder under a power of attorney) may cast one vote for each Voting Bond owned on the Relevant Record Date.

Denomination: NOK 1,000,000 - each and ranking pari passu among themselves.

Minimum subscription and allotment amount shall be NOK 2,000,000.

Status of the bonds and transaction security

The Bonds will constitute senior debt obligations of the Issuer. The Bonds will rank pari passu between themselves and will rank at least pari passu with all other obligations of the Issuer (save for such claims which are preferred by bankruptcy, insolvency, liquidation or other similar laws of general application).

The Bonds are unsecured.

Any restrictions on the free transferability of the securities.

Certain purchase or selling restrictions may apply to Bondholders under applicable local laws and regulations from time to time. Neither the Issuer nor the Bond Trustee shall be responsible to ensure compliance with such laws and regulations and each Bondholder is responsible for ensuring compliance with the relevant laws and regulations at its own cost and expense.

A Bondholder who has purchased Bonds in breach of applicable restrictions may, notwithstanding such breach, benefit from the rights attached to the Bonds pursuant to the Bond Terms (including, but not limited to, voting rights), provided that the Issuer shall not incur any additional liability by complying with its obligations to such Bondholder.

Where will the securities be traded

An application for admission to trading on the Oslo Børs will be made once the Prospectus has been approved.

Is there a guarantee attached to the securities?

Not applicable. There is no guarantee attached to the securities.

What are the key risks that are specific to the securities

- The Bonds are unsecured. Rights to receive payment on the Bonds in a default situation will therefore be subject to all secured lenders first receiving due payment. Under a Bankruptcy, the Bondholders will not receive any payment unless there are remaining funds after the secured creditors have received payment in full.
- The Bonds are floating rate. The coupon payments depend on NIBOR interest rate and the Margin and will vary in accordance with the variability of the NIBOR interest rate.
- Price risk. The primary price risk for the Bonds is ultimately related to the market view of the correct trading level for the credit spread related to the Bonds at a certain time during the tenor, compared with the credit margin the Bonds are carrying. General changes in the market conditions and/or Issuer specific circumstances may increase the credit spread trading level relative to the coupon defined credit margin of the Bonds.

Description of material conflicts of interest to the issue including conflicting interests.

The involved persons in the Issue have no interest, nor conflicting interests that are material to the Bond Issue.

Nordea Bank Abp (publ), filial i Norge and Swedbank Norge, branch of Swedbank AB (publ) have assisted the Company in preparing the Prospectus. The Joint Lead Managers and/or affiliated companies and/or officers, directors and employees may be a market maker or hold a position in any instrument or related instrument discussed in the Prospectus and may perform or seek to perform financial advisory or banking services related to such instruments. The Joint Lead Managers’ corporate finance department may act as manager for this Company in private and/or public placement and/or resale not publicly available or commonly known.
2 Risk Factors

Investing in bonds issued by the Issuer involves inherent risks. Prospective investors should consider, among other things, the risk factors set out in the Prospectus, including those related to the Issuer as set out in the Registration Document, before making an investment decision. The risks and uncertainties described in the Prospectus, including those set out in the Registration Document, are risks of which the Issuer is aware and that the Issuer considers to be material to its business. If any of these risks were to occur, the Issuer’s business, financial position, operating results or cash flows could be materially adversely affected, and the Issuer could be unable to pay interest, principal or other amounts on or in connection with the bonds. Prospective investors should also read the detailed information set out in the Registration Document dated 11 May 2022 and reach their own views prior to making any investment decision. The risk factors set out in the Registration Document and the Securities Note cover the Company and the bonds issued by the Company, respectively.

In each category below, the Issuer sets out the most material risk, in the Issuer’s assessment, taking into the negative impact of such risk on the Issuer and the bonds and the probability of its occurrence. If any of the following risk were to materialize, either individually, cumulatively or together with other circumstances, it could have a material adverse effect on the Company’s business, results of operations, cash flows, financial conditions and/or prospects, which may cause a decline in the value of the Bonds and a loss of part or all of your investment.

Risk factors material to the securities

General

All investments in interest bearing securities have risk associated with such investment. The risk is related to the general volatility in the market for such securities, varying liquidity in a single bond issue as well as company specific risk factors.

There are four main risk factors that sum up the investors’ total risk exposure when investing in interest bearing securities with a floating interest rate: liquidity risk, interest rate risk, settlement risk and market risk (both in general and issuer specific).

Interest-rate risk

Interest rate risk is the risk that results from the variability of the NIBOR interest rate. The coupon payments, which depend on the NIBOR interest rate and the Margin, will vary in accordance with the variability of the NIBOR interest rate. The interest rate risk related to this bond issue will be limited, since the coupon rate will be adjusted quarterly according to the change in the reference interest rate (NIBOR 3 months) over the five-year tenor. The primary price risk for a floating rate bond issue will be related to the market view of the correct trading level for the credit spread related to the bond issue at a certain time during the tenor, compared with the credit margin the bond issue is carrying. A possible increase in the credit spread trading level relative to the coupon defined credit margin may relate to general changes in the market conditions and/or Issuer specific circumstances. However, under normal market circumstances the anticipated tradable credit spread will fall as the duration of the bond issue becomes shorter. In general, the price of bonds will fall when the credit spread in the market increases, and conversely the bond price will increase when the market spread decreases.

The regulation and reform of "benchmarks" may adversely affect the value of securities linked to or referencing such "benchmarks" - Interest rates and indices which are deemed to be "benchmarks", (including NIBOR) are subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any securities linked to or referencing such a “benchmark”. The Benchmarks Regulation could have a material impact on any Bonds linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

The Bonds are linked to NIBOR and there is a risk that any discontinuance or reforms of NIBOR may material adverse effect the pricing of the Bonds. No guarantees can be made as to the continuance of the current underlying reference rate of the Bonds and the possible consequences a potential discontinuance of NIBOR may have of the value of the Bonds.

Ranking of the Bonds

The Bonds constitute senior unsecured obligations of the Issuer. As such, the Bonds are effectively subordinated to the secured debt of the Issuer and any debt of the Issuer’s subsidiaries outstanding from time to time. The Bonds rank equally in right of payment with the Issuer’s senior unsecured debt outstanding from time to time and senior in right of payment to the Issuer’s subordinated debt (if any) outstanding from time to time. The secured creditors of the Issuer will have priority over the assets securing their debt. In the event that such secured debt becomes due or a secured lender proceeds against the assets that secure the debt, the assets would be available to satisfy obligations under the secured debt before any payment would be made on the Bonds. Any assets remaining after repayment of its secured debt may not be sufficient to repay all amounts owing under the Bonds.

No vote may be cast by any nominee if the Bondholder has presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (Bondholders’ rights) stating that it is the owner of the Bonds voted for. If the Bondholder has voted directly for any of its nominee registered Bonds, the Bondholder’s votes shall take precedence over votes submitted by the nominee for the same Bonds.

(d) Any of the Issuer, the Bond Trustee and any Bondholder has the right to demand a vote by ballot. In case of parity of votes, the Chairperson will have the deciding vote.

Bondholders’ Meeting. The Bond Trustee or the person who convened the initial Bondholders’ Meeting may, within ten (10) Business Days of that Bondholders’ Meeting, convene a repeated meeting with the same agenda as the first meeting.

(b) The provisions and procedures regarding Bondholders’ Meetings as set out in Clause 15.1 (Authority of the Bondholders’ Meeting), Clause 15.2 (Procedure for arranging a Bondholders’ Meeting) and Clause 15.3 (Voting rules) shall apply mutatis mutandis to a repeated Bondholders’ Meeting, with the exception that the quorum requirements set out in paragraph (d) of Clause 15.1 (Authority of the Bondholders’ Meeting) shall not apply to a repeated Bondholders’ Meeting. A Summons for a repeated Bondholders’ Meeting shall also contain the voting results obtained in the initial Bondholders’ Meeting.

(c) A repeated Bondholders’ Meeting may only be convened once for each original Bondholders’ Meeting. A repeated Bondholders’ Meeting may be convened pursuant to the procedures of a Written Resolution in accordance with Clause 15.5 (Written Resolutions), even if the initial meeting was held pursuant to the procedures of a Bondholders’ Meeting in accordance with Clause 15.2 (Procedure for arranging a Bondholders’ Meeting) and vice versa.

15.5 Written Resolutions

(a) Subject to these Bond Terms, anything which may be resolved by the Bondholders in a Bondholders’ Meeting pursuant to Clause 15.1 (Authority of the Bondholders’ Meeting) may also be resolved by way of a Written Resolution. A Written Resolution passed with the relevant majority is as valid as if it had been passed by the Bondholders in a Bondholders’ Meeting, and any reference in any Finance Document to a Bondholders’ Meeting shall be construed accordingly.

(b) The person requesting a Bondholders’ Meeting may instead request that the relevant matters are to be resolved by Written Resolution only, unless the Bond Trustee decides otherwise.

(c) The Summons for the Written Resolution shall be sent to the Bondholders registered in the CSD at the time the Summons is sent from the CSD and published at the Bond Trustee’s web site, or other relevant electronic platform or via press release.

(ii) provisions which are otherwise in conflict with the requirements of this Clause 15.5 (Written Resolution),

shall not apply to a Written Resolution.

instructions as to how to vote to each separate item in the Summons (including instructions as to how voting can be done electronically if relevant); and

(ii) the time limit within which the Bond Trustee must have received all votes necessary in order for the Written Resolution to be passed with the requisite majority (the "Voting Period"), such Voting Period to be at least three (3) Business Days but not more than fifteen (15) Business Days from the date of the Summons, provided however that the Voting Period for a Written Resolution summoned pursuant to Clause 15.4 (Repeated Bondholders’ Meeting) shall be at least ten (10) Business Days but not more than fifteen (15) Business Days from the date of the Summons.

(f) Only Bondholders of Voting Bonds registered with the CSD on the Relevant Record Date, or the beneficial owner thereof having presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (Bondholders’ rights), will be counted in the Written Resolution.

(g) A Written Resolution is passed when the requisite majority set out in paragraph (e) or paragraph (f) of Clause 15.1 (Authority of Bondholders’ Meeting) has been achieved, based on the total number of Voting Bonds, even if the Voting Period has not yet expired. A Written Resolution may also be resolved if the sufficient numbers of negative votes are received prior to the expiry of the Voting Period.

(h) The effective date of a Written Resolution passed prior to the expiry of the Voting Period is the date when the resolution is approved by the last Bondholder that results in the necessary voting majority being achieved.

(i) If no resolution is passed prior to the expiry of the Voting Period, the number of votes shall be calculated at the close of business on the last day of the Voting Period, and a decision will be made based on the quorum and majority requirements set out in paragraphs (d) to (f) of Clause 15.1 (Authority of Bondholders’ Meeting).

(i) complying with instructions of the Bondholders; or

(ii) taking any action at its own initiative,

will not, in the reasonable opinion of the Bond Trustee, be covered by the Issuer or the relevant Bondholders pursuant to paragraphs (e) and (g) of Clause 16.4 (Expenses, liability and indemnity), the Bond Trustee may refrain from acting in accordance with such instructions, or refrain from taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
(i) The Bond Trustee shall give a notice to the Bondholders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Bond Trustee under the Finance Documents.

(j) The Bond Trustee may instruct the CSD to split the Bonds to a lower nominal amount in order to facilitate partial redemptions, restructuring of the Bonds or other situations.

16.3 Equality and conflicts of interest

The Bond Trustee shall, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.

The Bond Trustee shall not be responsible for any indirect or consequential loss. Irrespective of the foregoing, the Bond Trustee shall have no liability to the Bondholders for damage caused by the Bond Trustee acting in accordance with instructions given by the Bondholders in accordance with these Bond Terms.

(b) Any liability for the Bond Trustee for damage or loss is limited to the amount of the Outstanding Bonds. The Bond Trustee is not liable for the content of information provided to the Bondholders by or on behalf of the Issuer or any other person.

(c) The Bond Trustee shall not be considered to have acted negligently in:

(i) acting in accordance with advice from or opinions of reputable external experts; or

(ii) taking, delaying or omitting any action if acting with reasonable care and provided the Bond Trustee considers that such action is in the interests of the Bondholders.

(d) The Issuer is liable for, and will indemnify the Bond Trustee fully in respect of, all losses, expenses and liabilities incurred by the Bond Trustee as a result of negligence by the Issuer (including its directors, management, officers, employees and agents) in connection with the performance of the Bond Trustee's obligations under the Finance Documents, including losses incurred by the Bond Trustee as a result of the Bond Trustee's actions based on misrepresentations made by the Issuer in connection with the issuance of the Bonds, the entering into or performance under the Finance Documents, and for as long as any amounts are outstanding under or pursuant to the Finance Documents.
